## Extrait United States History

and the Industrial Revolution

### Impacts to Farming and Farmers

As was mentioned earlier in the lesson, before the first Industrial Revolution, Americans were dependent on farming. The first Industrial Revolution shifted life in the North to factory work, however, that same change did not happen in the South, which was still highly dependent on farming.

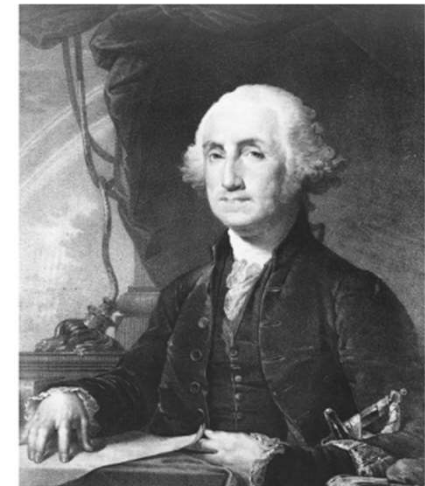

Watch the video below. As you watch, write down:

*How did the Industrial Revolution change farming, as well as life for farmers?*

### The Founding Fathers

Earlier in the lesson, there is mention of America's founding fathers. Below, you will see a gallery of a few of the men considered to be the critical developers of the U.S. and its government.

Remember that this is a persuasive piece and that you must convince your audience that your amendment will resolve the issue. This presentation should be designed as if it would appear on the television or the internet. The presentation should include images and sound, not only you in front of the camera. If the file is too large to attach, upload it as an unlisted YouTube video and provide the link. Remember to cite all sources of information, images, and, music (if music is used.)
- **Option B:** Create a 4-6 slide presentation explaining your proposed amendment. You must explain the national problem and how your proposed amendment would solve it. Great Speeches

Lesson 1 of 1

### 2.02 How to Write a Speech

#### Speech Writing

Writing a speech is a lot like writing an essay. You start with an introduction, move on to the body of the speech, where most of the information is, and then finish with a conclusion. Speech writing is a little different from an essay because you can be a bit less formal. Since you are speaking to an audience, a speech can be more personal than the detached, academic tone that essays should have.

Your speech should still be professional. You should not use slang or cover inappropriate

2. True or False: The tone of an essay is MORE formal than the tone of a speech.

- True
- False

3. Which of the following is the first thing you should write when you need to write a speech?

- An outline
- The introduction
- The body
- The conclusion
